To Whom It May Concern:

It is my pleasure to submit this recommendation for Mr. Todd Couillard. I have known Todd for the past four years and I can unequivocally attest to his honesty and reliability.

My first meeting with Todd was when he was working for a former employer, who had been contracted to build my custom home. It was through Todd's efforts; and Todd's alone, that the project was completed without his employer being subject to legal action. He resolved problems, offered alternatives, and executed repairs necessitated due to poor workmanship of others. On one occasion, even as his crew left the jobsite, Todd worked until sundown to complete a time critical part of the job. This type of work ethic is rare in today's workforce. As for craftsmanship, Todd never ceased to amaze me as produced every custom finish item I requested.

Over the past three years, Todd has returned to my home to attend to warranty items that his employer was responsible to repair for the first year after the project was completed. Not only were the repairs done in a timely manner, but also he never left a mess or anything out of place. Subsequent to the year warranty, Todd has returned to repair items that were the responsibility of others. The repairs were done quickly and at a very reasonable cost. Finally, Todd came to my assistance after a storm caused roof and ceiling damage to my home. He was at my house the next day and completed all repairs inside and outside in his usual meticulous manner.

You may be able to find someone to display these qualities, but what I am going to tell you now is why Todd is far and away beyond most contractors in business today. Todd is the ONLY contractor that I would allow in my house with no one at home. As a matter of fact I would feel better with Todd in my house than it standing empty.

Dir Sir or Madam,

I have personally and professionally known Todd Coulliard for over a year.

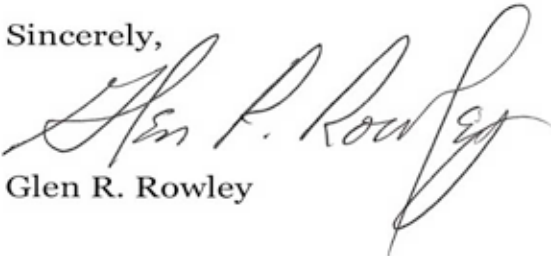

His personal ethics are beyond reproach. His concern for the well being and his care for others is demonstrated with everyone he comes in contact with. He is soft spoken, gentle and fair.

The results of his professional work are outstanding which demonstrates his excellent craftsmanship. Todd takes no shortcuts and makes sure that every detail is perfect.

His work for me includes sealing and insulating the crawl space under our home, finishing decorative concrete work, interior and trim painting, and replacing the on our porch. He laid indoor Brazilian Ironwood floors in two rooms. They are just fabulous and are loved by everyone who sees them. The changes required to adjust the wall trim is flawless.

I highly recommend Todd Coulliard personally and professionally to anyone who asks. Feel free to contact me if you have any questions.

Sincerely,

Glen R. Rowley

Dear Sirs;

I've known Todd Couillard for over 4 years. I became introduced to Todd through the builder I purchased my home from. Whenever I had a problem that needed fixing, Todd was always a phone call away. His upmost willingness to do an "exceptional repair" to fix our windows, roof leak and etc. set him apart from any other craftsman. His talent is truly superior in my book. If there was ever any question if the builder would cover any cost, Todd was honest to tell me up front. Never once have I ever questioned his reliability to do what he says he is going to do. If only there were more folks like Todd in this world. He is a "jewel" and I consider it an honor to know Todd and have him work in my home.

Sincerely,

Pamela Starkey
